Have your office systems been mothballed for some time? Do you know if they currently work or need modifications to return to use? We can have them checked and serviced before your staff return.

At Unified-Support we think differently, our ethos is to charge for support *as* you need it *when* you need it and no more – you get enhanced support at a fraction of the traditional cost.

Ready for Business is designed to give great service and amazing value for money, we put the client first and in complete control.

How does it work?

- You pay a basic fee based on the number of spaces required to check.

- Unified-Support collaborate with you to build an agreed test program in advance to ensure we meet your needs.

- Unified-Support dispatch a site and system aware Engineer to your location when you need it and conduct a full end-to-end check.

- A detailed report will be issued following attendance and giving you the confidence users will be able to connect seamlessly, putting the client first and in command.

What is the difference:

- Site Aware and Accredited Engineers.
- You pay for the support you need when you need it.
- Fixed costs.
- Our business focus is service – without the overheads.

What is included:

- Ability to raise support when you need it.
- Ready for Business Check and Audit.
- Comprehensive Reports.
- Dedicated highly experienced service management.
